

Outstanding Published Work at a Fuel Cycle and Waste Management Division Session

This award was established in 2014 by the Fuel Cycle and Waste Management Division to recognize individuals or teams for a combination of best full-length paper and oral presentation in a FCWMD sponsored topical meeting/session.

Presented: National Annual Meeting

- **An award plaque and a monetary amount of \$250 will be will presented at the FC&WMD Program Committee Meeting**
- **The award will be advertised at Nuclear News and/or Rad Waste Magazine.**

Criteria for award

Presentations at each session will be scored by at least one person acting on behalf of the Division (preferably the session Chair). Scoring criteria will be based on:

- Significance, originality and utility of presented work
- Logical organization and flow of presentation
- Clarity of thought/Clearly presents each concept
- Visually and audibly stimulating

The “Proceedings” version of the highest scored presentation from each session will be reviewed by the FC&WMD Program Chair or designee. Scoring criteria will be based on:

- Logical organization and flow of authorship
- Clarity of thought/Clearly presents each concept
- Effective use of tables and graphics
- Contribution to FCWMD focus areas
